

Needle Arts Quarterly Group Correspondence Course December 2011 – February 2012

LADY LARKSPUR NECKLACE

Teacher: JEANETTE CARMICHAEL

A dichroic bead with its artistically blended glass is the focal point of *Lady Larkspur Necklace*, the ultimate accessory to any wardrobe. Each participant will select the focal bead of choice, whether similar to the original or uniquely suited to the student's wardrobe scheme. Instructions include how to choose the focal bead and complementary seed beads. The student will learn about dichroic beads and about seed beads -- their individuality in color, finish and cut.

Techniques include the amazingly versatile three-bead spiral stitch and attachment to that spiral of branched fringes with contrasting end beads to complement the focal bead, as well as attachment of a sterling silver or gold clasp. Handy tips for simplifying the accomplishment of the beaded project assist in making this GCC fun and easy. A bonus instruction page for matching earrings is included.

Project: Beaded necklace with dichroic focal bead

Size: 18" to 22" long (participant's choice) plus length of focal bead

Color: Participant's choice with complementary seed beads

Beads, etc.: Focal bead, variety of seed and other fringe end beads, clasp, thread, needles, beeswax, bead pad and sharp embroidery scissors

Skill Level: Intermediate

Prerequisites: None

Time: Three meetings – two to three months

Text: \$33.00 per student, 43 pages, spiral bound, color photo

Supplies (approximate): Focal bead: \$0 for participant's own bead, or \$25 - \$85 if purchased. Clasp, seed, and other beads based on bead selection and sharing of supplies: \$25 - \$35.

Your specific due date should be arranged between you and the teacher via email, though the approximate date is six months from the arrival of your text. Each online participant should mail the piece to the teacher individually, not with the online group. Specific shipping instructions are found in the text.
